Md. Farid Yunus, Senior Vice President of Celcom (3<sup>rd</sup> from right) and His Excellency David B. Collins High Commissioner of Canada to Malaysia.

TERAS Teknologi has won the Silver Award in Industry Excellence in Science and Technology category from the Malaysia-Canada Business Council (MCBC) 5<sup>th</sup> **Business Excellence Award 2008**. The award category, sponsored by Celcom Blackberry, was presented by En Aslah Mohd Walid, Head of Enterprise of Celcom Berhad to En. Abdul Rahim Seliman, the Chief Operating Officer of TERAS, in the presence of Y.B. Datuk Liew Vui Keong, Deputy Minister of International Trade and Industry (MITI) at Sime Darby Convention Center on 30<sup>th</sup> October 2008.

The MCBC 5<sup>th</sup> Business Excellence Award 2008, an international awards programme initiated by the Malaysia Canada Business Council, was last presented in 2006 and designed to recognize the achievements as well as contributions of successful companies from both Malaysia and Canada. As this bi-annually award continues its course to celebrate distinguished organisations, 2008 saw 100 companies from both countries being evaluated in 14 categories based on its core principles, values and concepts.

TERAS delegates group photo with En. Saifol, Vice President of Multimedia Development Corporation (MDeC), (3<sup>rd</sup> from right) accompanied by En. Abdul Rahim Seliman, Chief Operating Officer (COO) of TERAS Teknologi (2<sup>nd</sup> from right) after the award presentation.

TERAS through its innovation was awarded **Silver Award in Industry Excellence in Science and Technology** while the Gold Award was presented to REDTone Communications and Bronze to SCAN Associates Berhad. Besides honouring companies that have introduced the systems/processes which have improved the quality of life, this category also honours companies which have enhanced manufacturing processes and/or made an advanced or innovative breakthrough.

This award has added to TERAS records of proven capabilities and TERAS with continued commitment, passion and efforts from its teams is set to soar even higher in its endeavours towards bigger successes and becoming a company with billions ringgit revenue.
